Ewa Tournament Starts Tomorrow

Tomorrow morning down at Ewa the annual handicap doubles tournament will begin, and there is no doubt that some fine play will be witnessed by the local people and the visitors from town.

Tennis days at Ewa are always most pleasant, and the play is really good for country men. Indeed, several of the Ewa tennis players have shown up well in the city tournaments; McKeever and Greenfield, who are on scratch in the present tournament, play a strong double game, and, although they will have to give away tremendous handicaps—such as owe 40 give 30—they will, no doubt, play in their usual brilliant fashion and beat more pairs than beat them.

An early start will be made tomorrow so that the tournament may be finished in the one day.

Tomorrow week a match will be played between Ewa and Kahuku, and a close contest should eventuate. It will be a four-pair-a-side match and will be played at Ewa.

Sunday Games At Athletic Park

Baseball at the Athletic Park is booming as usual, and tomorrow there will be two games between the old opponents of the skin diamond. The Marines will go up against the Kailhis, and the J. A. C's will try conclusions with the C. A. C's.

The teams are so well known that it is hardly necessary to state that both games should be snappy and exciting from the first ball pitched. The Kailhis are leading in the series at present, but all sorts of things may happen down at the Park, and maybe the Marines will give the Kailhis a big surprise tomorrow and thereby alter the standing of all the teams.

If the threatening rain holds off, the usual big crowd may be depended upon to roll up, and the rooting will be a thing of joy and noise. McHenry will umpire the games, and Marathon Jack will keep tab on the score.

Myrtle Boat Club Dance Is Success

One of the most enjoyable dances that has been held for some time was that of the Myrtle Boat Club last night. Some sixty young people wended their way down to the club house and were there received in true Myrtle style.

The reception committee met their guests in the hallway, and soon everybody was introduced. The hall was beautifully decorated, and the bright lights showed through pretty hunting and palms.

Cunha's music was of the best variety and the dreamy waltz and waltz two-step were much in evidence. The lull overlooking the water was crowded between dances, and the moonlight scene was like fairyland.

Refreshments were served during the evening, and the best of good things were to be had. The dance was kept up until about midnight, and everyone expressed themselves as delighted with the evening's amusement.

The club benefited to quite a nice amount through the dance, and will now be able to go ahead and purchase some much needed oars, etc.

Doubleheader At League Grounds

This afternoon at the League grounds there will be two fine games of ball, and the one between the Artillery and the N. G. H. should prove to be a real snappy, exciting exhibition of the national game.

Although the Guards will be minus a couple of their best players owing to the fact that they are away with the rifle team, the bunch that will turn out this afternoon will be a truly representative one.

The boys from Fort Ruger are reported to be a fine combination of ball tossers, but Harry's Beasts are there with the goods every time, and the result will be one grand game this afternoon.

When the Guards are really on the job things are likely to happen, but they have had very little practice lately, and the gunners may possibly have a chance against them—that's the way the genial Sergeant Barry figures it out.

There will, no doubt, be a large crowd of fans present, as the soldiers are all interested in the game between the Guards and Gunners. The men who man the guns will have a great number of rooters, and the Guards, of course, will have their usual following.

The second game between the Punahou and Kamehamehas should also be a fine one, as both teams are now settled down to play ball in earnest, and all the players are showing good form.

As soon as the first game is over the second will start, and anyone who cannot manage to get out to the grounds at about 1:45 can easily make the second game, which starts at 3:30 o'clock.

A great number of tickets have been sold for this afternoon's games, and the crowd promises to be a record one for this season. The Artillery have bought a big bunch of tickets and will be present in force to stir up things on behalf of their comrades.

Inter-Island Polo All Arranged

On Wednesday next, at Lihue, the Inter-Island polo tournament will start, when the Oahu team will once more play the Fifth Cavalry. The game will be played in the presence of the Congressional party, who will travel from Pearl Harbor to Schofield Barracks by special train.

There is to be a parade of the troops at Lihue after lunch, and then the polo game will be started.

All arrangements are now being made for the great tournament, and the various teams are practicing hard for the events. On Saturday, September 11, the Maui team will play the Cavalry at Lihue, and then a line on the form of Frank Baldwin's men can be obtained.

On Wednesday, September 15, the great match between Oahu and Maui will be played at Moanalua, and the biggest crowd that ever visited Squire Damon's park is expected to turn out.

Then, to wind up, a picked team match will be played on Friday, September 17, and as fine an exhibition of polo as has ever been seen in these isles should eventuate.

SHORT SPORTS.

The Oahu Baseball League held a meeting last night and several important matters were discussed. The C. A. C's protested against the Kailhis, saying that the latter team had six big league men in their team instead of five.

However, the matter was settled through the Chinese withdrawing the protest and a list of all the players being made up.

There will be a dinner and dance at Haleiwa this evening, and our old golf friend, Clifford Kimball, will look after things. Quite a number of people intend making the trip and a most enjoyable time should be had by everyone.
